Identity

A private institution with an international outlook.

I.S.F.O.A. Hochschule für Sozialwissenschaften und Management is a private, non-profit Swiss academic institution delivering its programmes online, based in the Canton of Zug. Its offer is designed for students and professionals seeking flexible study paths and the recognition of the experience they have gained.

Legal status

Private institution

Established under Articles 60 et seq. of the Swiss Civil Code.

Seat

Canton of Zug

The registered office is in Hünenberg, Swiss Confederation.

Delivery

Distance learning

Programmes delivered online, with an individual assessment of each applicant's profile.

Languages

IT, DE, FR, EN

Italian, German, French and English are the working languages.

Mission

To turn knowledge, experience and professional responsibility into a structured academic path.

The institution combines education, research and advanced training, with a focus on the world of work and an international audience.

Approach

Recognising experience.

V.A.E. Validation des Acquis de l'Expérience

V.A.E. is the procedure through which professional and personal experience can be examined for the purpose of recognising credits and designing an individual study path. The outcome always depends on the assessment of the documentation and on the applicable requirements.

Indicative process

**01****Flexibility**

Online delivery allows study to be organised around professional and personal commitments.

02**Personalisation**

Each path is built on the applicant's profile and the documentation submitted.

03**Verification**

Admission, credit recognition and award of the qualification remain subject to the required checks.

Qualifications

Programmes and levels.

The offer refers to levels 6, 7 and 8 of the European Qualifications Framework.

EQF 6

Bachelor Degree

First-cycle degree. Programmes normally last 3 years and carry 180 CFU.

EQF 7

Master Degree

Second-cycle degree. Programmes normally last 2 years and carry 120 CFU. Single-cycle master's programmes of 5 years and 300 CFU are also offered.

EQF 7

Executive Master / MAS

Advanced professional education and Master of Advanced Studies.

EQF 8

Doctorate

Ph.D. and advanced research, subject to the applicable academic requirements.

Other awards

Honorary degrees

University diplomas of merit

International awards for academic and professional careers

New programmes

Further qualifications are currently under development. Anyone interested in specific programmes or qualifications not included in this offer is welcome to discuss the possibility with the Rector's Office.

Academic offer

7 faculties, 59 programmes.

A multidisciplinary offer organised by area, class and level. The following pages present the complete list of programmes.

Partnership

An educational ecosystem, from the Mediterranean to the world.

I.S.F.O.A. has officially joined UniCESD Olympo, a network bringing together universities, higher-education institutes and training bodies in Italy and abroad, united by a shared commitment to education, innovation and the future of young people and professionals.

Membership followed the review of the institutional documentation submitted by the Institution's Legal Office, which was found valid and suitable. I.S.F.O.A. now takes part in the network's work on an equal footing with the other members, to build programmes, projects and new opportunities for students and professionals together.
